

LANTUUN DOHIO

"United Against Child Abuse & Human Trafficking"

LANTUUN DOHIO USA

ANNUAL REPORT 2017

GROWING, LEARNING and SHARING

CEO LETTER

In a word, 2017 was an amazing year! It has been a successful year for Lantuun Dohio non profit in fighting violence and human trafficking. We built and launched a successful operation of Magic Mongolia, a child protection complex, in a short period of time in the most remote and vulnerable district of Ulaanbaatar to mitigate this serious issue of child abuse and neglect.

Currently, this center is the most comprehensive child protection center in Mongolia, and will be replicated in not only rural parts of Mongolia, but also overseas to the best of our ability in the coming years. There are two facilities at Magic Mongolia: a day care center for children from low income households, and a shelter for minor victims of violence and abuse where they receive medical, mental health, and legal services.

We recognize that in order to find solutions to the most pressing issues of our society, we need to educate the public on the reality of the circumstances that others live in, and collaborate with like minded organizations and individuals. Therefore, we work with the families of the neighborhood, so that they become more self sufficient, and become problem solvers in their own community. Moreover, we organized the "Open Your Eyes" protest 8 times, until 3 ministers signed a legislation that removes the \$5 fee that minor victims of sexual assault were required to pay for a forensic medical examination. I am pleased to announce that young Lantuun Dohio members have exceeded our expectations and have accomplished more than what we had planned. However, we still have a long way to go before we can live in a society that is free of violence. We have lives to save, children to protect, and magic to create, thanks to your support. We wish you a happy and healthy 2018!

DELGERTSOGT MANALJAV

Chief Executive Officer

OUR MISSION

Lantuun Dohio's mission is to eradicate human trafficking and protect children from violence, neglect, abuse, and exploitation in Mongolia and around the world.

WHY HAS LANTUUN DOHIO BEEN ESTABLISHED?

🕒 In 2012 after meeting with a father of a human-trafficking victim, our founder, Ganjavkhlan Chadraabal (Jack) was shocked to find out that human trafficking existed in Mongolia, and he was determined to fight against human trafficking by bringing public attention to this unspoken, taboo subject.

🕒 In spite of denials that such problems exist, Lantuun Dohio has uncovered proof that human trafficking and forced prostitution are prevalent in Mongolia through its undercover investigations since 2013. According to the 2017 Trafficking in Persons Report from the U.S. Department of State, Mongolia is a source, transition, and destination country. Unfortunately, Mongolian women and young girls are the most vulnerable to inhumane crimes. In 2015, Lantuun Dohio went undercover in Er Liang, China, a border city, and documented that about 250-300 Mongolian women work as prostitutes in Er Liang city on any given day. Many of them are 14-17 year old children. During the Chinese holiday season, this number increases to about 800 to 1000.

🕒 Involving men: Lantuun Dohio has learned through experience that about 90% of the perpetrators of human trafficking, domestic violence, child abuse are men and about 90% of the organizations that fight against these issues are led by women. We have realized this imbalance and believes that men are needed to show their support to protect their women and children from human trafficking. In this effort, he led a group of men to initiate Lantuun Dohio NGO in Mongolia.

🕒 Starting change from a young age: We believe that a child who grows up in a loving and caring environment is less susceptible to become a victim of human trafficking and/or become an abuser. Therefore, our main approach is to work with children in vulnerable areas from very young ages and engrave self-worth and respect in their innocent minds before a dark shadow nests in it.

🕒 Although the Mongolian government has adopted and passed many laws on domestic violence, children's rights, and child protection issues, the implementation and effectiveness of these laws are not satisfactory. According to the General Prosecutor's office, between 2015 and 2016 there were 298 children who were sexually assaulted. Approximately 48% of those victims were assaulted by their family members or relatives. Open Your Eyes Campaign started because violence against girls had reached a tragic level.

🕒 Lantuun Dohio understands that any given social problem is complex; hence it requires a holistic and layered approach including all stakeholders starting from the individual level, to family, to community, and finally, to the institutional level.

Our approach focuses on prevention, education, and advocacy.

Within this approach, we aim to make positive changes at both the individual and family levels through direct social services, education, and public awareness programs. Building on the increased public awareness and mass attention to the causes, Lantuun Dohio organizes social movement to change the social norm regarding human trafficking, child abuse, and domestic violence cases. Lantuun Dohio advocates for a better legal environment for protection of victims, preventative actions, rehabilitation services, accountability for perpetrators, and access to both effective civil and criminal remedies.

OUR APPROACH

Through Prevention Projects

Through Education

Through Advocacy

We accomplish our approach

THROUGH PREVENTION PROJECTS

Magic Mongolia Child Protection and Development Center

Magic Mongolia is our biggest long-term project. The purpose of the project is to create a safe-haven for vulnerable children via our child protection and development center in Bayankhoshuu, the most secluded and under-developed area of the city of Ulaanbaatar. Bayankhoshuu is a district on the outskirts of the capital city, where the rates of domestic violence, alcoholism, and unemployment are very high. The project was officially launched in January of 2017 and the construction of the Magic Mongolia Child Development & Protection Center started in April of 2017. The planning and building of the center was funded by a massive international grassroots movement, by the Mongolian people and, by in-kind donations of multiple national companies.

The opening ceremony of the center was held September 15-17, 2017. The center consists of two eco-friendly buildings, playground area, small storage, basketball court, greenhouse, and yurt housing for the center's staff. The buildings are built in a sustainable fashion with zero emissions, and the ability to solely depend on solar energy during the summer months, zero land pollution, and eco-friendly water treatment and waste management systems. The center is also built in such a way that it is accessible for the disabled.

By the end of the year, we enrolled 50 children in our 2 kindergarten classes and started hiring and researching ways to provide protection service within the law.

We accomplish our approach

Website and Social Media

Our website www.lantuundohio.org has become fully operational, and our Lantuun Dohio USA Facebook page has become operational and active in educating the public on the information about human trafficking and other related subjects.

Publishing Books

“New College Student” Educational Comic Book - Published in 2017, the comic book provides complete information for successful adjustment to urban life for new students who have moved from rural areas. The comic book also contains much needed information about the danger of human trafficking, especially under the guise of false advertisements for well-paying jobs abroad, and too good to be true scholarship opportunities.

THROUGH EDUCATION

EDUCATION

Open Your Eyes

Open Your Eyes Campaign is a global movement - that started in Ulaanbaatar - against sexual abuse. Unsettling sexual assault cases like that of a five-year-old girl who was sexually assaulted by her relative and a thirteen-year-old old girl who was raped and brutally murdered in hotel room by two young men were the main reason behind the movement.

THROUGH ADVOCACY

We accomplish
our approach

Lantuun Dohio USA joined the Open Your Eyes campaign by organizing a gathering in front of the Capitol in Washington D.C. Soon afterwards, Mongolian communities around the world joined the movement by posting pictures with the Open Your Eyes poster. Lantuun Dohio USA collected and sent signatures for the petition that cancelled the forensic medical examination fee.

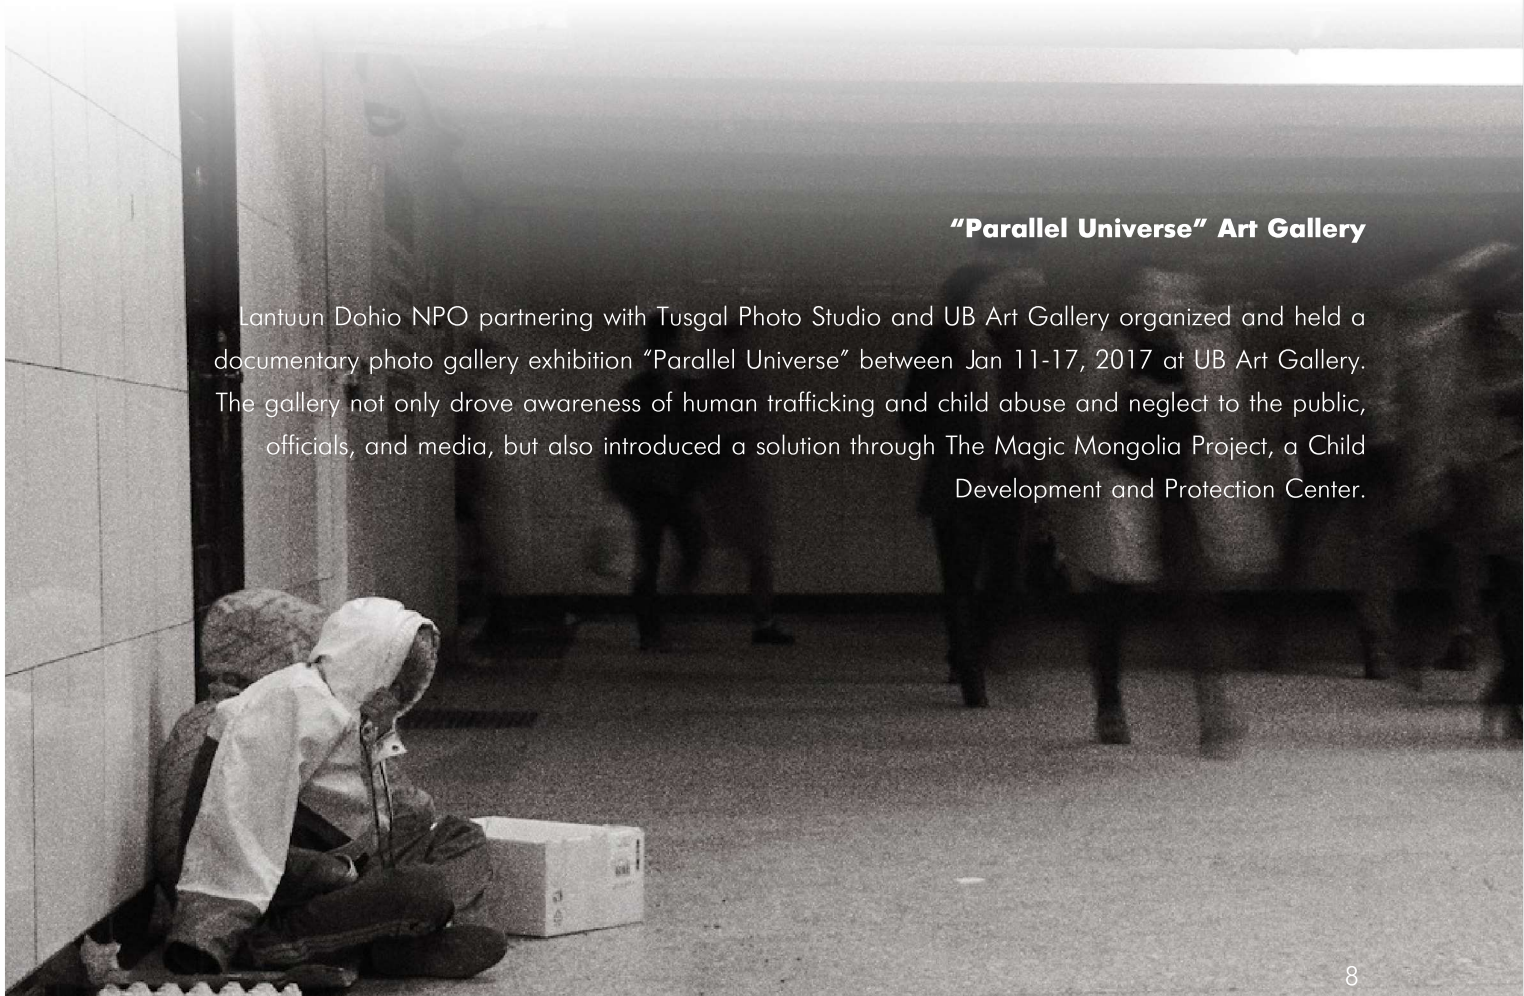

Magic Bag

The Magic Bag project was again successful in delivering gifts to about ten thousand children during the holiday season in the outskirts of Ulaanbaatar, Mongolia where the poorest families are concentrated. This effort was organized not only to give a one-time gift, but to also start paying attention to and giving the necessary care to children living in the neglected parts of Ulaanbaatar. Going door to door while distributing the gifts has proved to be an important and effective way to identify victims of domestic abuse or extreme neglect, so that we may provide follow up help.

THROUGH ADVOCACY We accomplish our approach

"Parallel Universe" Art Gallery

Lantuun Dohio NPO partnering with Tusgal Photo Studio and UB Art Gallery organized and held a documentary photo gallery exhibition "Parallel Universe" between Jan 11-17, 2017 at UB Art Gallery. The gallery not only drove awareness of human trafficking and child abuse and neglect to the public, officials, and media, but also introduced a solution through The Magic Mongolia Project, a Child Development and Protection Center.

Lantuun Dohio USA had a successful fundraising event with Mongolian business owners on April 29th, 2017 at the Mongolian Embassy in Washington D.C. After this successful event, we were able to provide a substantial amount of funding for purchasing the land for the Magic Mongolia Project. Through many forms of donations, Lantuun Dohio USA was able to help fund the Magic Mongolia Project when the funds were needed the most.

USA EVENTS

Lantuun Dohio USA attended the Washington DC area Naadam Festival to provide public education on ongoing issues in Mongolia and possible threats in the USA related to human trafficking, domestic violence, and child abuse.

* Our most notable accomplishment that has exceeded our expectations this year was the Magic Mongolia Child Protection and Development Center in Bayankhoshuu, Ulaanbaatar, Mongolia. The center was constructed from the ground up within 5 months and became operational at the end of 2017. The facility was fully funded by donations from individuals, companies, and organizations in Mongolia and many other countries. The organization was able to raise about \$500,000 worth of goods, services, and cash donations.

* One of the successful results of the Open Your Eyes campaign was that an executive order to cancel the forensic medical examination fee for all children under 18 who are victims of any crime was issued. Lantuun Dohio is still demanding that the Ministry of Tourism implement strict regulations on all hotels and hostels that do not ID clients and serve minors.

OUR SUCCESS FOR THE YEAR

* Lantuun Dohio USA Facebook page is able to take donations from Facebook users, and many supporters were able to dedicate their birthdays to fundraising for Lantuun Dohio USA.

* Lantuun Dohio has involved over 400 young adults in volunteerism to stop human trafficking and child abuse by encouraging them to be active members of the society. Lantuun Dohio USA was recognized as the "Best of the Year - Organization" in Washington D.C. area's Mongolian Community New Year Gala.

On January 27, 2018, Lantuun Dohio and Anura Music School will present a charity concert in collaboration with Sara Voce Studio, Flawless Contortion Studio, and Washington D.C. Area Dance Club.

The highlight of the concert is that all performers will be talented and kind-hearted Mongolian children who reside in the Washington D.C./ Maryland/Virginia area. Our children have been practicing since mid-September, and they are excited to help their friends in Mongolia.

All proceeds of the Magic Kids concert will be donated to the Magic Mongolia project. Without a doubt, the concert will be an amazing event filled with full of joy and beautiful performances. Therefore, Lantuun Dohio would like to invite all of you to attend the concert in person.

If you are not able to attend in person, follow us on our Facebook page at <https://www.facebook.com/LantuunDohioUSA> for the livestream.

MAGIC KIDS CHARITY CONCERT

2018 MAGIC MONGOLIA USA TOUR

In 2016, our founder Jack came to the USA with his dream of building Magic Mongolia, a child development and protection center, and with an unwavering faith. Back then, he only had a rough picture of the Magic Mongolia center and not a single penny to start the project.

Jack and Delgertsogt, the president of the Lantuun Dohio USA, toured the east coast and midwestern cities of the USA and presented the Magic Mongolia project's idea to local Mongolians. Thanks to Jack's passion and charisma, the idea of the Magic Mongolia center spread like wildfire and 113 people joined the cause by pledging to become a monthly donor once the Magic Mongolia center was operational. In addition, Mongolians in the USA have contributed the majority of the funds that went towards the purchase of the land that the Magic Mongolia Center was built upon. Because of the success of the 2016 US campaign, Lantuun Dohio decided to do a Magic Mongolia USA Tour in March, 2018. Both Lantuun Dohio Mongolia and USA members will travel together to meet the previous pledgers and supporters to report on the process of Magic Mongolia and recruit additional supporters in Mongolian community across the United States.

NEW SIREN

Lantuun Dohio is one of the major organizations that promotes volunteerism in Mongolia, and we recruit new volunteers two times per year. At every recruitment, we receive an astonishing amount of volunteer applications. Currently, Lantuun Dohio has over 300 active volunteers, and we plan to organize an advocacy competition against human trafficking, sexual harassment, and child abuse within our volunteers in April, 2018.

LOOKING AHEAD...

🔄 Lantuun Dohio USA will establish an ongoing communication system with our Magic Sisters and Brothers and sign up more people to support the operational cost for Magic Mongolia Child Protection and Development Center.

🔄 Lantuun Dohio USA will connect and collaborate with international organizations and continue active participation in fighting human trafficking, child abuse, and neglect in Mongolia and all around the world.

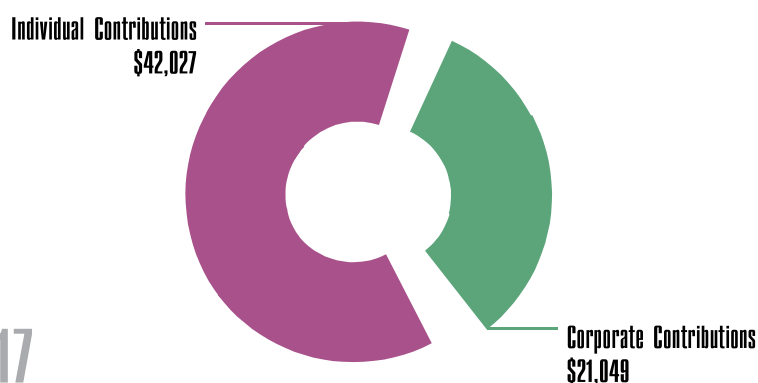

FUNDRAISING PLATFORM

Through many forms of donations, Lantuun Dohio USA was able to help fund Magic Mongolia Project when the funds were needed the most. Please see the following list of platforms through which Lantuun Dohio is authorized to receive funding:
